A full stack developer with a customer focused background that helps to understand customer perspective and interaction. Currently I am working as a full stack developer in a volunteer role for RESN to complement the Full Stack Coding Bootcamp I am doing where I have gained a certificate in Full Stack Web Development. This volunteer work has provided me experience of working in a developer role and learning new languages as I work, as well as creating and editing code to be more maintainable for the team. Logical and analytical, with a keen interest in problem-solving and getting to the root of an issue, whilst being adaptable to new ways of working and environments.

Technical Skills

HTML, CSS, Javascript, TypeScript, React, Next.js, Node.js, Express, Fastify, MySQL, Bootstrap, Tailwind, Git, Wordpress

Projects

Sport Travel Guide | <https://github.com/DanLawrence91/team-project> | <https://protected-retreat-83410.herokuapp.com/>

- Summary - A website providing information regarding different football teams from the English Premier League. Users can find information about a team and the city they play in, as well as reviewing this team or location for future users.
- Technologies - Node.js, Express, Javascript, GSAP, Handlebars, MySQL, REST API
- Lead design and implementation of our API as well as being prominent in design of the UI

Blog | <https://github.com/DanLawrence91/tech-blog> | <https://shielded-springs-19146.herokuapp.com/>

- Summary - A working CMS-style blog with authentication for users to sign up and log in/log out. The site can only be edited once the user is signed up and logged in. Then they can create a new blog post, comment on other blog posts, as well as edit and delete their own blog posts.
- Technologies - Node.js, Express, Javascript, Handlebars, MySQL, REST API
- Sole author

Plan Your Crawl | <https://github.com/SEO-Web/TeamRepo> | <https://seo-web.github.io/TeamRepo/>

- Summary - Website to help holiday makers find local independent breweries along with weather and directions using multiple APIs
- Technologies - HTML, Tailwind CSS, Javascript, API,
- Lead design of page to give a polished UI for this team project and implemented significant lines of JavaScript to enable DOM manipulation and local storage for use on the page.

Experience

RESN, Full-Stack Developer, Adelaide, Australia - March 2022 - present - This is a volunteer position to work in the tech team for this education charity. The work involves building and maintaining Node.js API in the back-end and expanding the features offered in the React app in the front-end. One of my main efforts has been to edit the code to make it cleaner and more maintainable.

Fairfield Victoria Cricket Club, Web Coordinator, Australia - March 2022 - present - Tasks involve managing the output across the website and implementing new design to keep up to date, and provide relevant content for club members. Developed using Wordpress.

NFU Mutual, Underwriter, York, UK - January 2020 - September 2021 - Awarded employee of the month for exceptional internal and external customer service. Gained CII qualification alongside working full-time.

Loyalty Works, Sales Manager, Leeds, UK - January 2019 - November 2019 - Sold a three-year contract for our marketing services to a client bringing in a contract over £50,000 for year 1. Also companies main attendee at numerous industry exhibitions, where I was the senior person on our stand at the Plantworx exhibition.

William Hill, General Sports InPlay Trader, Leeds, UK - November 2017 - January 2019 - Led the teams output for rugby union helping to pick extra markets for high profile matches, and main trader for high profile matches for this sport.

Technogym, Sales Manager, Yorkshire and North East, UK - September 2015 - August 2017 - Alongside sales figures of £300,000 for 2016 and £400,000 for the first half of 2017, I was acknowledged as a best practise example for use and maintenance of data by sales staff at the Technogym global business conference

Goodall Brazier, Recruitment Consultant, Leeds, UK - September 2013 - August 2015 - Achieved sales of £100,000 in a new market where the company previously had no focus.

Education

Certificate, Full Stack Web Development, University of Adelaide - November 2021 - May 2022

Chartered Insurance Institute - Cert CII - 2021

University of Leeds - BA (Hons) Geography – 2:1 - 2010 - 2013
